presents

Impact

With the focus of engaging people in worship, *IMPACT* is an auditioned ensemble that combines live instrumentalists and vocalists to create a well rounded and versatile worship experience. As part of the Worship Leadership Department inside the Center for Performing Arts at the University of Mobile, *IMPACT* serves in multiple roles as they travel the southeast leading worship in churches and other venues throughout the academic year. *IMPACT* is formed of five band members with nine vocalists. Student leaders work closely under the direction of Artist in Residence, Jason Breland. The work done by all students in the group allows them to gain personal, tangible experience as they are all preparing to become worship leaders upon graduation. *IMPACT* strives to remain relevant with all congregations and audiences. With songs ranging from hymn classics to contemporary anthems, *IMPACT* proves that age and style hold no barriers to worship when God's people come together to exalt His name. As it is written in John 12:32 "*And I, when I am lifted up from the earth, will draw all people to myself.*"

Come worship with us!

Sunday, March 4, at 6:30 pm at Oakland Baptist Church.
